The "PESTOCHAMPIONSHIP MASCOT" competition aims at identifying a Championship mascot intended as a symbolic imaginary character in human or animal likeness, or other at the discretion of the participants, which will be used to better identify and emphasize the identity of the occurrence during events, in gadgets and communication initiatives.

The mascot must comply with the purposes and communication methods of the Championship and somehow recall its image and the style and/or the origins of Pesto and/or Genoa and Liguria and/or the ancient use of marble mortar and pestle and/or the food traditions of Ligurian culture and/or the spirit of the competition in which people of all ages and social background take part and/or any other aspects highlighting a specific identity, and which for this very reason may be used to support our Pesto World Championship.
